

# PECB CORPORATE PROFILE

## **Dear candidate, Welcome to this training course!**

Whether this is your first experience with us or you are already part of our wide network of certified individuals, I would like to congratulate you for making the right decision by choosing PECB as your companion in your journey to successful professional development.

Your active participation and commitment combined with the trainer's experience and knowledge are most important to the successful completion of the training course.

My hope is that by the end of this training course we will be celebrating your success and certification.

Good luck!

**Tim Rama**  
Deputy CEO at PECB

# ABOUT PECB

PECB is a certification body which provides education<sup>1</sup> and certification under ISO/IEC 17024 for individuals on a wide range of disciplines. We help professionals show commitment and competence by providing them with valuable education, evaluation, and certification against rigorous internationally recognized standards.

PECB is a leader in developing world-class training courses on various topics, and offering accredited examination and certification services to individuals. All PECB training courses are provided by authorized resellers and are delivered by certified trainers.

<sup>1</sup>Education refers to training courses developed by PECB, and offered globally through its network of resellers.

## Our Principal Objectives and Activities

1. Establishing the minimum requirements necessary to certify professionals
2. Reviewing and verifying the qualifications of applicants for eligibility to be considered for the certification evaluation
3. Developing and maintaining reliable, valid, and current certification evaluations
4. Granting certificates to qualified candidates, maintaining records, and publishing a directory of the holders of valid certificates
5. Establishing requirements for the periodic renewal of certification and determining compliance with those requirements
6. Ascertaining that our clients meet ethical standards in their professional practice
7. Representing its members, where appropriate, in matters of common interest
8. Promoting the benefits of certification to individuals, employers, public officials, practitioners in the related field, and the public

**PECB certifications are a stamp of excellence and a seal of credibility!**

# ESTABLISHING CREDIBILITY

We are present in more than 150 countries worldwide through our network of resellers, trainers, and professionals. We are proud to see our global reach constantly growing as a result of the collaborative effort and hard work of our partners and team.

## That's how we move Beyond Recognition together.

In order to make our global network's experience even more fulfilling, we organize conferences throughout the year where experts and professionals from different fields gather to discuss the latest trends and topics in the industry we operate in. Connections made at PECB conferences are long lasting and provide you with new potential business ventures.

As a testament to our high standards and commitment to providing quality service to our clients, we are accredited by a number of bodies and are a member of many professional organizations.

## A WORD FROM OUR FOUNDERS

"The industries we operate in, although continually expanding, place a high value on individuals who stay current in all technologies, regulations, and standards that affect their profession, as well as on credentials and professional designations. Because of the competitive market, we encourage you to become lifelong learner by seeking out ongoing opportunities for training. We help you enter that world of growth opportunities and help you climb the professional ladder.

Our training courses and certifications are a valued source of credibility and our name is a trusted one when it comes to promoting the importance and values of adhering to professional standards. As you learn and adapt to ever-evolving situations in the business environment, we assist you in getting closer to your dream career – one certification at a time."

**Eric Lachapelle**

CEO at PECB

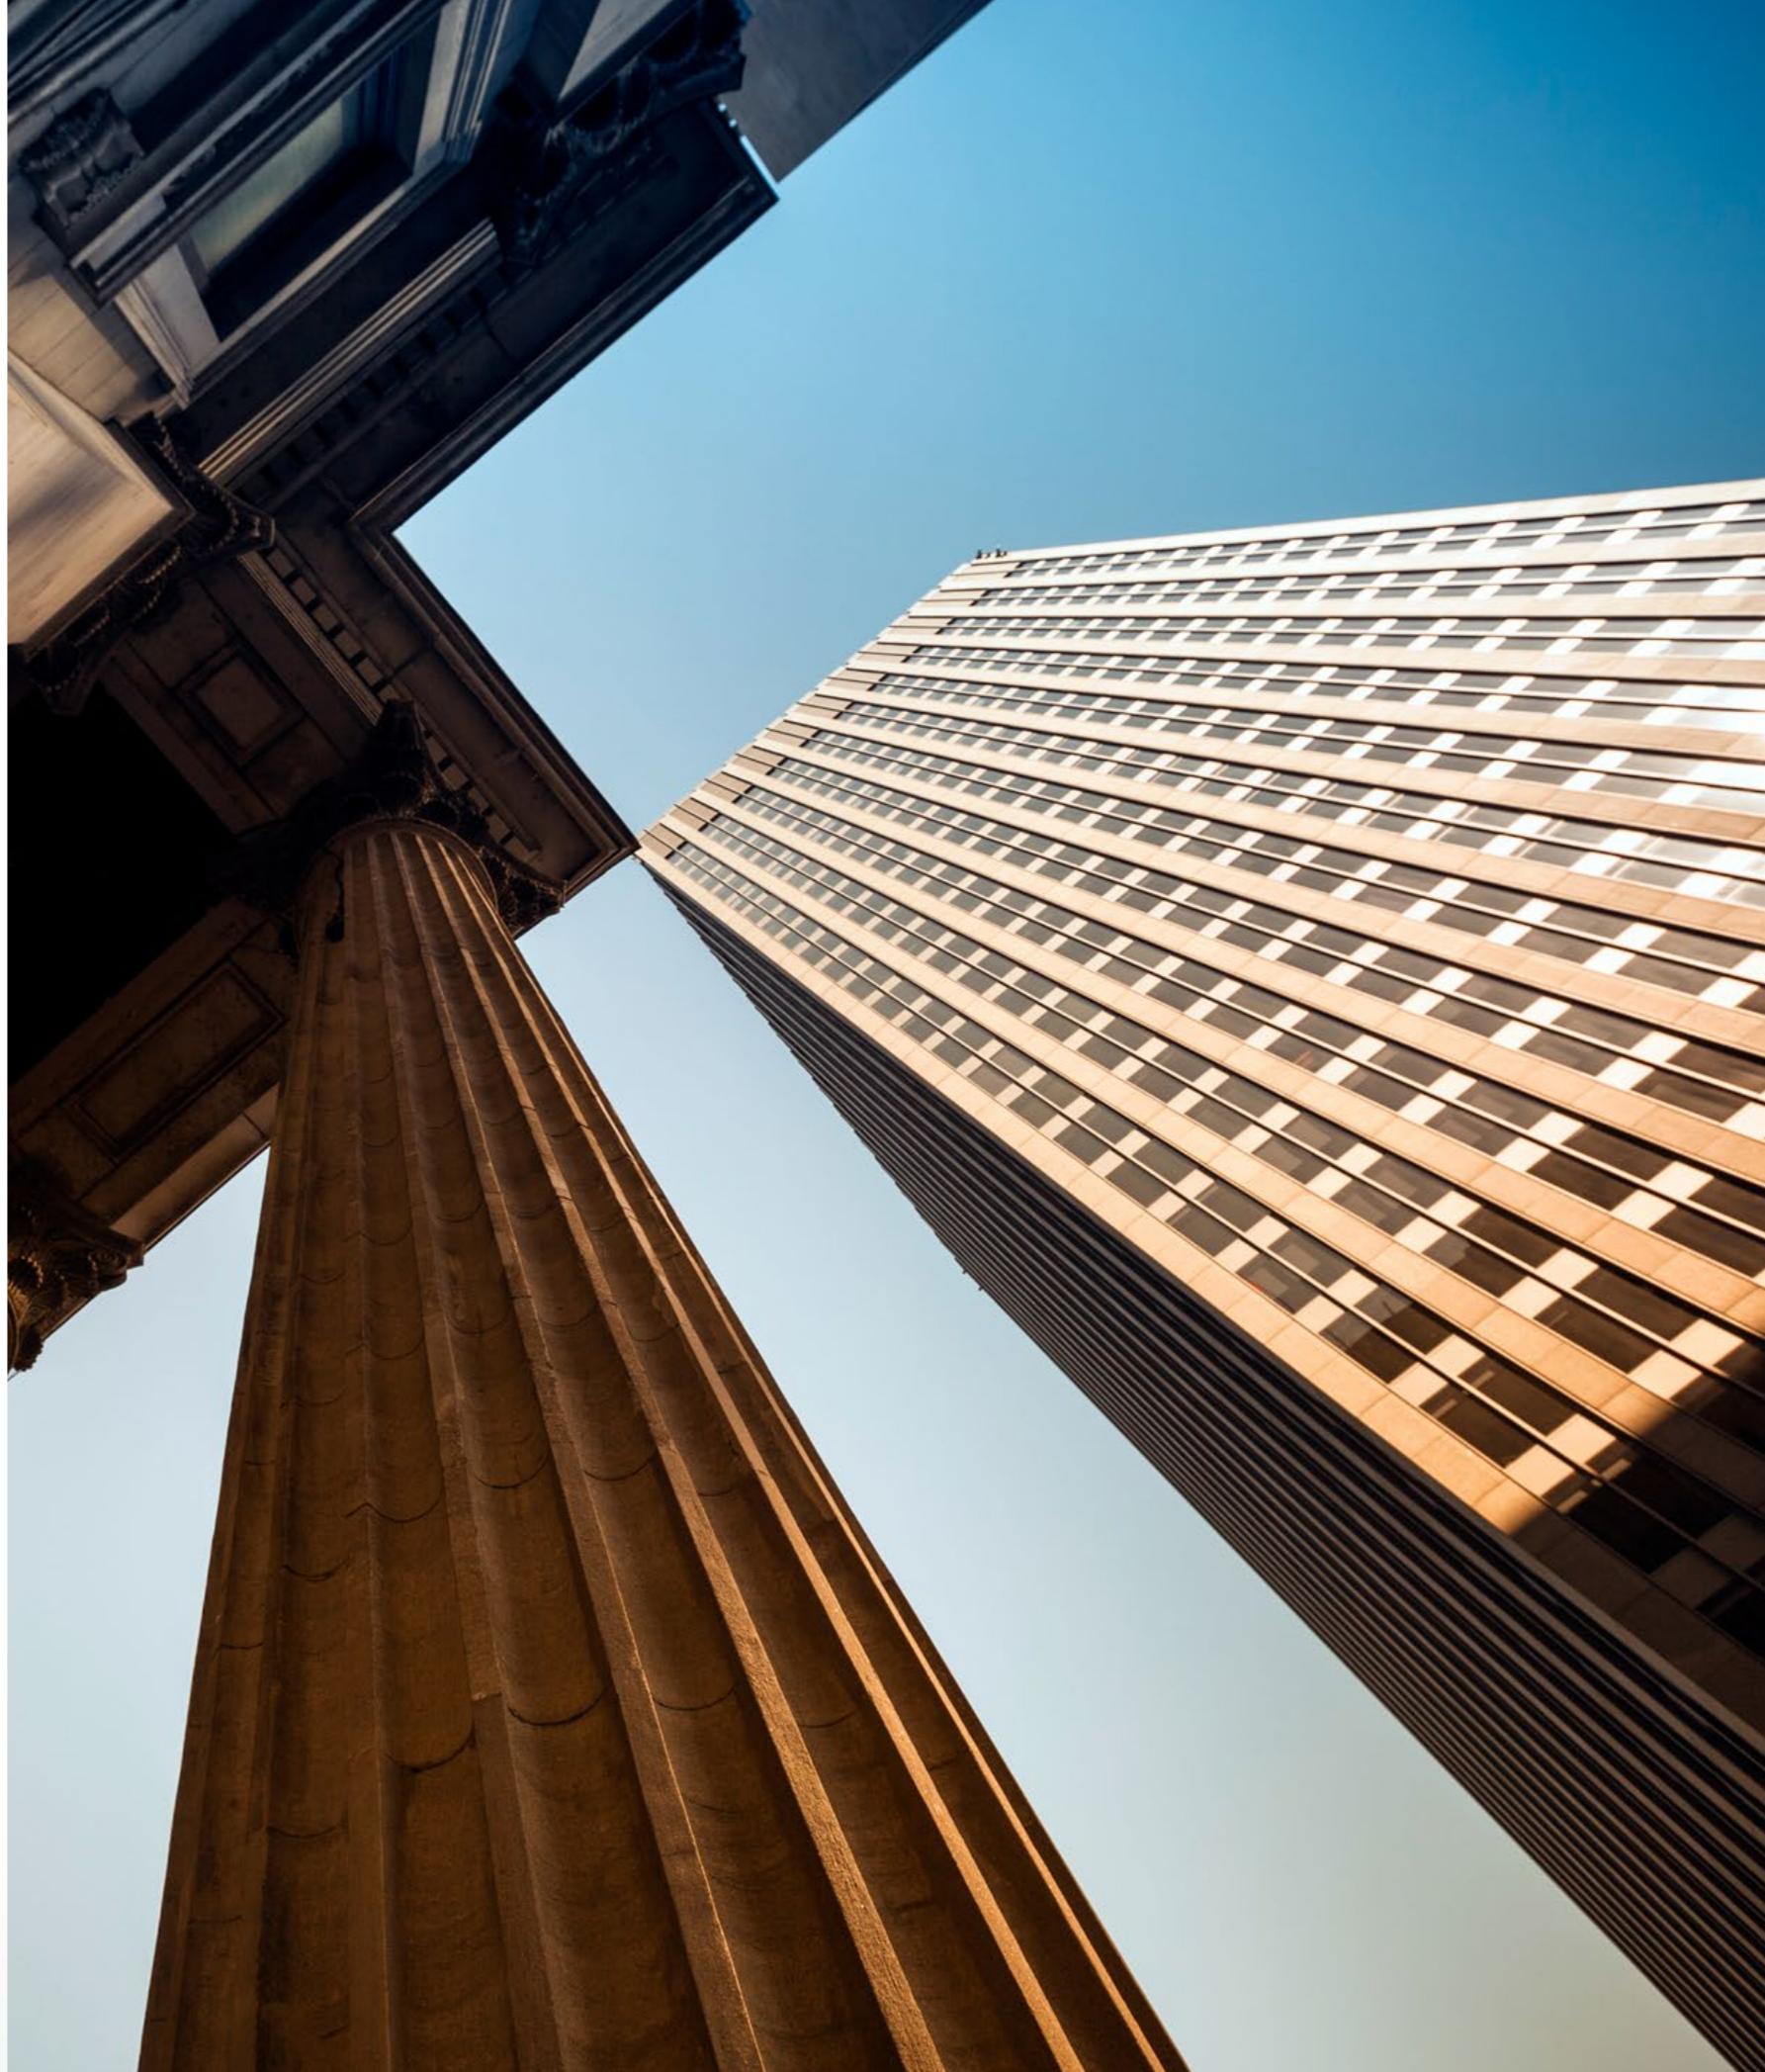

"The need for recognition is as human a need as any. However, continuous learning and professional development are no longer a need but a necessity.

Earning PECB certifications not only positions you as a leader in your industry but is also an investment in yourself and your long-term career, which often leads to added prestige and opportunities.

We have tailored all our training courses to fit everyone's needs and preferences to gain the skills and knowledge most needed in today's complex and evolving business environment. With PECB, your future is simply in certified hands."

**Faton Aliu**

Co-Founder, President, and COO at PECB

# OUR TRAINING COURSES

**Earn the PECB certification mark of credibility for your skills!**

We lead continual improvements that increase value and improve customer satisfaction with our training courses containing exceptional content and in-depth data, which are exemplified in practice by real-life case studies. Our vast pool of training courses is testament to our unrelenting commitment to excellence.

Through our training courses, we help you keep track of the constant updates and innovations in technology and the world of ISO standards, and benefit from deeply engaging learning experiences. In order to achieve your personal and professional goals and reach the next stage of your career, we have developed training courses that will enable you to grow, make you job ready, and earn career credentials to kick start your new career.

Developed by field experts and revised by external specialists, our training courses are continuously updated to make sure they reflect the latest industry developments, ISO standards, and current regulatory landscape. With a vast range of training courses available, covering an array of fields and disciplines, including Information Security and Resilience, Business Continuity, Privacy, Digital Transformation, Quality and Risk Management, IT, Sustainability, and beyond, we have the resources to help you achieve your goals.

**Our best-selling training courses come from our areas of specialty, such as:**

- Information Security (ISO/IEC 27001, ISO/IEC 27002, etc.)
- Cybersecurity (ISO/IEC 27032, Ethical Hacking, Cloud Security, etc.)
- Privacy and Data Protection (GDPR, ISO/IEC 27701, etc.)
- Quality, Management, and Sustainability (Six Sigma, ISO 45001, etc.)

# OUR TRAINING COURSE DELIVERY FORMATS

We remain committed to acknowledge the multitude of different types of learners and help them all equally improve their skills and develop professionally and intellectually. In order to achieve this, and ensure that learning is enriching, PECB has options available that easily and effectively respond to each learner's needs and preferences of receiving information.

Our training course delivery formats reflect a combination of successful traditional, contemporary, and innovative learning practices.

## Explore our flexible learning options!

### 1. Classroom

Our classroom training courses are participant-centered and delivered in different venues worldwide by PECB Certified Trainers.

This training course delivery format can be especially beneficial for those wishing to learn through cooperative activities and group work, to have interaction with peers, and to share experiences, ideas, and opinions. This remains the most comprehensive format that allows participants to capture the entire experience of training.

## 2. Live Online

Our live online training courses are synchronized events organized in a live virtual meeting room/classroom environment. These training courses offer an engaging and interactive learning experience led by PECB Certified Trainers via sophisticated tools that allow remote teaching. This training course delivery format makes learning more accessible to our candidates in new ways, especially to those who do not have traveling as an option, or when late classes are the only feasible alternative.

## 3. eLearning

The PECB eLearning training courses are neither location constrained nor time bound. This method is technologically enabled and is delivered by PECB Certified Trainers in pre-recorded video format. These training courses have been catered to meet each individual's needs and have been designed with the aim of transcending spatial and temporal restrictions.

With PECB eLearning, it has never been easier and more convenient to be a learner. You can take these training courses on any device and from any location that makes learning a comfortable experience owing to the flexibility and freedom it offers.

Participants will take quizzes that will allow for interactivity, and will be equipped with additional reading material to enhance their knowledge. For those interested, our resellers will also provide additional Live Q&A sessions with competent trainers to offer additional coaching.

## 4. Self-Study

If you want to take a training course at your own pace and a place of your choice, you can engage in self-study, for which all that is needed is access to the PECB training course materials. One of the major advantages of our self-study training course delivery format is that you can take control of your own learning and direct your own studying. This format is feasible for participants who have a considerable knowledge on the subject and do not require assisted lecturing.

Regardless of the training course format, all participants will have access to the training course material digitally via KATE. After completing the training course in any PECB training course delivery format, you can enter the exam from anywhere in the world through the PECB Exams app. Finally, those who successfully pass the exam can apply for certification.

**Your convenience is our priority!**

# OUR CERTIFICATIONS

A personal certification is a formal recognition by PECB which states that the individual has proficiency within, and a comprehension of, a specified body of knowledge. Individuals can apply for various professional credentials in the PECB certification schemes. Each PECB certification has specific education and experience requirements.

PECB is accredited for compliance to ISO/IEC 17024 requirements from recognized accreditation bodies that demonstrate PECB's credibility for compliance, fairness, and integrity.

Our certifications serve as reliable evidence that you have met the minimum requirements for professional and ethical behavior, help you in the execution of your tasks, and help you achieve and manage all aspects of your work more effectively.

## **The PECB certification process is simple:**

- Decide which certification is right for you
- Attend the training course of your choice
- Prepare, schedule, and pass the exam
- Apply and get certified
- Maintain your certification

# PECB UNIVERSITY

## Redefining learning in the modern world

PECB University Inc. is an independent Higher Education Institution licensed under the authority of the Higher Education Licensure Commission (HELC) in Washington, DC. It offers five field-specific MBA, a Graduate Diploma, and seven Graduate Certificate programs to a global audience, using proprietary state-of-the-art software and services. The programs are offered via a distance learning mode globally.

For those who choose to follow an academic pathway rather than a professional certification, PECB University is the right choice. All candidates who are certified by PECB on areas that are equivalent with PECB University's programs, can transfer the certificate free of charge and be one step closer to a Graduate Certificate, Graduate Diploma, or MBA.

PECB University seeks to build upon such established expertise and target in-demand industry specializations of the contemporary labor market to provide academic programs that help achieve academic excellence, narrow specialization, and enhanced entrepreneurial or employment opportunities for its students.

# PECB University Programs of Study

## MBA Programs

- MBA in Information Security Management
- MBA in Business Continuity Management
- MBA in Information Technology Service Management
- MBA in Quality Management
- MBA in Risk Management

## Graduate Diploma Program

- Graduate Diploma in Information Security Management

## Graduate Certificate Programs

- Graduate Certificate in Information Security Management
- Graduate Certificate in Business Continuity Management
- Graduate Certificate in Information Technology Service Management
- Graduate Certificate in Quality Management
- Graduate Certificate in Risk Management
- Graduate Certificate in Business Administration
- Graduate Certificate in Management Systems Administration

## Paths You Can Follow with a PECB Certification

All of our study programs share the same modular structure; this allows students to easily transfer from one study program to another. The best part of this is that you can also transfer a PECB certification to any PECB University program, if the specialization field is the same, at no additional costs. This system makes our programs completely linked.

● Obtain a PECB certificate to demonstrate your abilities and advance your professional career

● Transfer credits to PECB University Inc., free of charge, in areas that you already have a certificate

★ Graduate, get employed easily, and make a contribution to the industry you operate in

# KATE APP

KATE is an application developed to grant our resellers, trainers, and trainees digital access to our training course materials. KATE is a freeware application compatible with multiple operating systems supporting both our training course content formats, regular format with slides, and eLearning format with video training course sections recorded by PECB certified trainers. After being enrolled in a training course organized by a PECB authorized reseller, you will be notified by the PECB system when the training course materials are made available for you to access.

You can access the training course materials on KATE using one device at a time. You can log out of one device to log in to another device if you prefer to continue studying using a different device of yours. KATE is equipped with the features listed below you can use during your training course:

- Access the regular training course content format and eLearning format (videos)
- Download the training course files locally
- Store personal notes which will be available during the online exam session if the exam is open-book
- Submit feedback to PECB
- Launch the presenter mode
- Select the slide quality and slide loading mode depending on the internet connection speed

You can log in to KATE using your PECB account username and password. As a username KATE only accepts the email address associated to your PECB account. The PECB ID will not work as a username to log in to KATE.

*Note: KATE cannot be used to take a PECB online exam. The application for taking a PECB online exam is PECB Exams. A link to download PECB Exams will be provided to you by the PECB system after your online exam schedule has been approved.*

## PECB EXAMS APP

PECB Exams is the application that we have developed to allow our training course participants to take their certification exam online. Candidates preferring to take the exam online instead of the paper-based option can benefit from the advantages that the solution offers. The application is free, and one can use it after scheduling an online exam with PECB by logging in with the same PECB Account credentials at the exam day, 30 minutes before the planned starting time.

**With PECB Exams,  
you can take the  
certification exam at  
the location and date  
of your choosing and  
comply with PECB online  
examination policy.**

*Note: We recommend that you review the PECB Exams technical requirements prior to scheduling your online exam session.*

# OTHER FREE RESOURCES

Looking for extra materials to use and improve your learning? Choose from our collection of free resources on a wide range of topics.

## **PECB Insights Magazine**

The PECB Insights Magazine provides readers with the latest developments in a wide range of industries through authentic and state-of-the-art articles – an unequaled source of information and inspiration.

## **Webinars**

Our educational and informative webinars offer engaging one-hour sessions on different topics related to different fields to a global online audience.

## **Info Kits**

Designed for the lifelong learners and everyday professionals, our Info Kits contain highly informative articles, in-depth analyses, whitepapers, infographics, and other useful documents on a specific ISO standard.

## **Whitepapers**

Our whitepapers present comprehensive informational reports about a specific topic or standard, which educate and help readers to understand and solve potential issues that might arise. They are lengthy and thorough, and offer detailed analysis, highlighting the features of a standard, concepts, comparisons with related standards, and so forth.

## **Articles**

Our team of experts continually provide our audience with insights on trends, innovations, and developments on professional standards and regulations through articles which are published on our website. They cover many topics and are intended to keep our audience engaged and up to date with the industry's latest developments.

## **Brochures**

Our brochures serve as a simple guide to conceptualize and better understand the importance and benefits of attending a PECB training course.

They provide detailed information about PECB training courses, including the training course schedule, learning objectives, the certification process, and other relevant information (Continuing Professional Development (CPD) credits, etc.)

## **Candidate Handbooks**

Our Candidate Handbooks are designed to facilitate the experience of all individuals who will be taking a PECB training course and will be entering the corresponding exam. They outline the certification process and examination preparation rules and policies, certification requirements, certification rules and policies, and general PECB policies; all in one place.

In order to help candidates better prepare for the exam, and to know what to expect from one, competency domains and the areas in which the candidate is expected to be able to perform well so as to successfully pass an exam are also included. All of them are customized for each training course.
